

Eastside Animal Hospital

(931) 381-1888

236 E. Campbell Blvd. • Columbia, TN 38401

Thank you for entrusting Eastside Animal Hospital with the boarding care of your pet. We look forward to having them stay with us. Attached to this email is our boarding contract, please read through prior to the appointment and let us know if you have any questions.

Please expect to spend about 30 minutes to check your pet(s) into boarding when you drop-off.

Things to remember:

- Drop off and Pick Up Times:

Monday – Friday: 7am to 5pm

Saturday - Sunday: CLOSED

- Copy of up-to-date veterinary administered vaccinations that include:

Canine: Rabies, Distemper/Parvo & Bordetella (Kennel Cough)

Feline: Rabies, Upper Respiratory

If vaccinations are due, we can administer them while they are here with us.

(Vaccinations administered by breeders and/or done at home cannot be accepted)

- Flea/tick control

If your pet has visible parasites on them they must be treated prior to entering the kennel area. This is a protective measure for your pet along with the others that are staying with us.

- Items to bring to help make your pet's stay more enjoyable:

Their own food – This helps keep them on their normal routine and not have to do a sudden diet change that can cause GI upset. Also include an additional amount in case you need to extend their stay. We are able to accommodate both dry and can food. We have kennel dry food we can offer, if you choose not to bring their food.

Medications – including preventatives, if due when they are staying with us. (daily fee for medications)

Treats (no raw hides)

Small to medium sized beds/blankets/towels

If you have any questions or concerns, please don't hesitate to contact us at any time.
